**To Whom It May Concern:**

Sean Deloddere (born 21.01.1997) has worked for CGI Suomi Oy 01.02.2022 - 30.11.2025 in following positions:

01.02.2022 – 30.04.2025 Consultant (CGI).

01.05.2025 – 30.11.2025 Senior Consultant (CGI).

During his time at CGI, Sean has worked in various demanding customer engagements in the Data, AI and Machine Learning area as an individual contributor, as a part of a team, as well as in a leading role in a delivery team. Some highlights of his projects include Machine Learning platform development in Construction, ML platform modernization in Transportation, and during 2024-2025 in a major multinational Databricks Datalakehouse implementation in Retail, in which he grew to a leading role.

In addition to his customer engagements, Sean has worked in a key role in his unit, CGI Advanced Analytics Solutions, contributing to our offering, sales and culture while consistently exceeding performance expectations.

In his work and manners, Sean has shown excellent working skills, diligence, and conduct. We can highly recommend him for similar and/or more demanding positions.

Sean's employment is terminated at his own request.

**CGI Suomi Oy**
